## **DETAILED ACTION**

### **Claim Rejections - 35 USC § 102**

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 657-659, 665-691 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Craig USP4474852 or WO03/044124.

The prior art references teach a method of preparing a hydrophobic composite comprising applying an adherent layer to a core, coating a core material with hydrophobic powder wherein adherent layer comprises a film forming agent. Mixing of agents and removing volatile solvent is clearly thought in the prior art.

See Craig'852 abstract, column 1, lines 36-68, column 2, lines 22-45, lines 52-68, column 3, lines 1-15, lines 22-40, lines 48-68, column 4, lines 1-30, column 5, lines 18-37 and claims.

See WO'124 pages 1-6.

The amendments and remarks filled by applicants on 10/22/10 have been fully considered. The arguments have not been found convincing. The examiner submits that there is

no convincing results in the specification that would show unexpected results when water based glue is used. Also, the examiner submits that applicants are using solvent based glue in their preparations with equally good result as when using water based glue.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
